Use Tax Law

Consumer use tax is a complement to state sales tax. Consumer use tax is payable to the state when sales tax is due but has not been collected. Individuals and businesses may be required to pay sales or use tax on tangible personal property purchased from out-of-state and online vendors if the item is delivered to your state of residence for use, storage, distribution, or consumption. This use tax is to be collected on your 2017 state return.

Have you purchased anything online or out of state that did not charge sales tax in 2017?

Yes. My total amount of purchases in 2017 where no tax was paid was

No, I did not purchase any items online or out of state that no tax was paid.

I certify that the above information is correct and Carefree Accounting, P.C. is not liable for any miscalculations or omissions of the above information.
